2022.08.17 16:20:13-04'00'

SUBJECT: Consultant Construction Engineering and Inspection (CEI)
Inspection Classification Hourly Rate Pay Limitations

Effective for all RFP's advertised after July 1, 2022, the inspection classification hourly maximum pay rate listed below will apply:

Inspection Classification	Maximum Statewide Hourly Rate	Maximum NOVA Hourly Rate
Construction Inspector Trainee	\$26.53	\$27.77
Construction Inspector	\$30.57	\$33.75
Senior Construction Inspector	\$35.58	\$45.22
Construction Inspection Coordinator	\$37.35	\$46.03

Per the CEI Inspection Classification Hourly Rate Pay Limitations memo released December 19, 2017, these rates will be adjusted on an annual basis. These rates will be established by the State Construction Engineer in December of each year and will be determined by applying the prevailing Employment Compensation Index published by the Professional Services Procurement Office.

The Department, at its discretion, may periodically evaluate the rates and adjust the rates up or down independent of the Employment Compensation Index.

This Memorandum supersedes memos previously issued, most recently on December 8, 2021. Questions regarding contract escalation rates should be directed to the VDOT Professional Services Procurement Office.
