

PWDM – Accessing the Project Portal (Connect Center)

To access the Project Portal, you will need to login to the Connection Client using your Bentley IMS account.

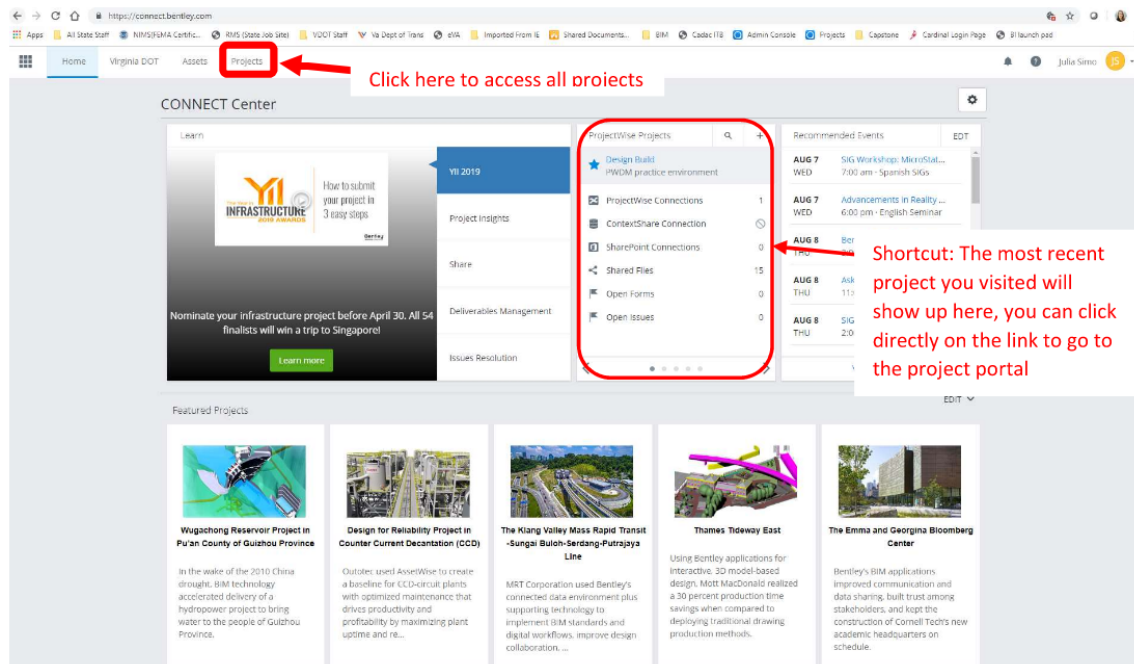

You can also go to <http://connect.bentley.com>

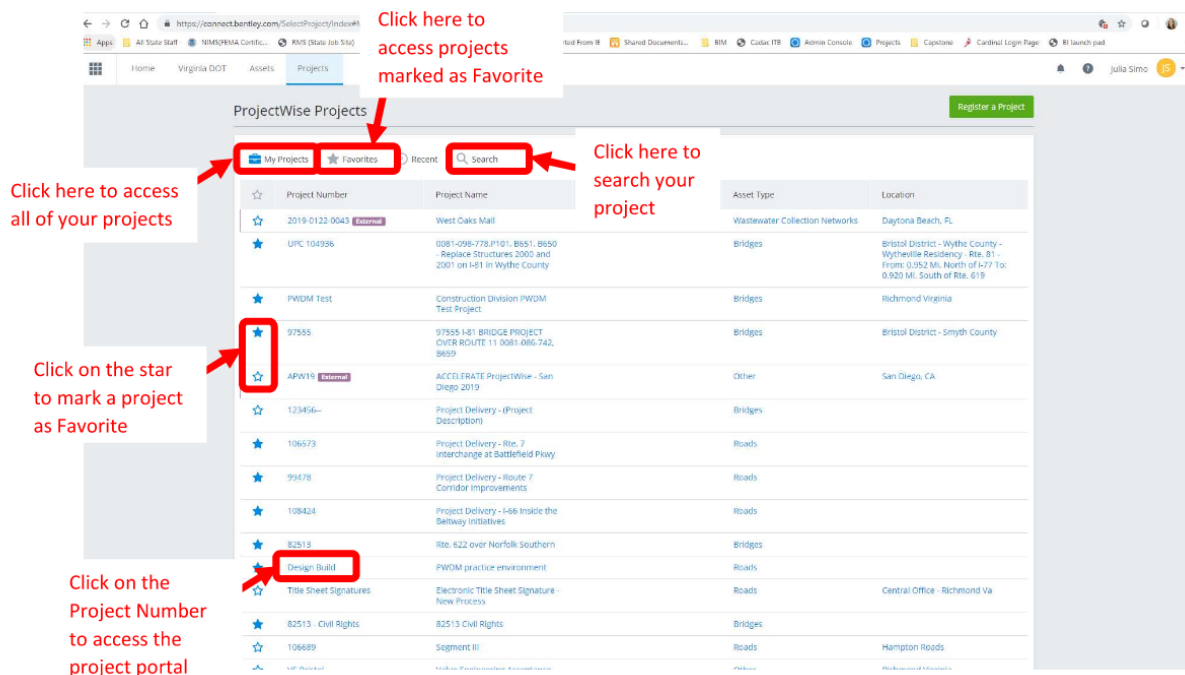

- VDOT Users – Your IMS account is the same as your VDOT COV Domain account.
 - VDOT accounts are federated which enables Single Sign on.
 - Type in your email address and press enter – you will not be required to enter in a password
- Consultants/Contractors – Once you create a Bentley IMS account (using your company email) you will use your company email to log in

PWDM – Accessing the Project Portal (Connect Center)

Once logged in, navigate to the Projects Tab

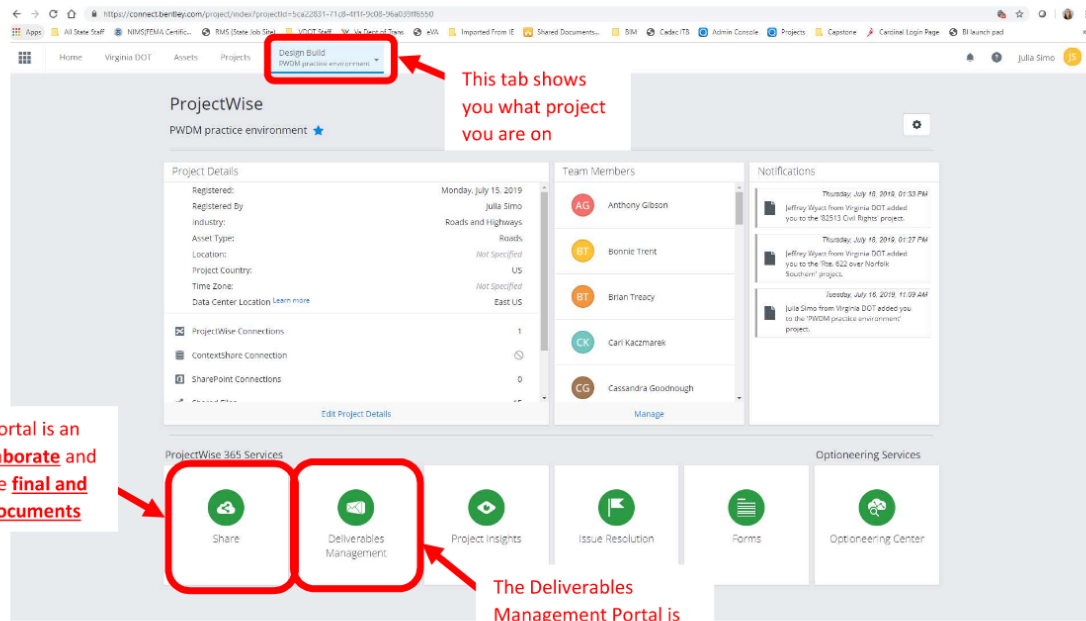

In your projects tab you can search projects, favorite projects, and view all of your projects

PWDM – Accessing the Project Portal (Connect Center)

Once you access the Project Portal you will be able to navigate to where you need to go

Step 4. Once you access the Project Portal you will be able to navigate to where you need:

The screenshot shows the Project Portal interface for a project named "PWDM practice environment". The browser address bar shows the URL: <https://connectcenter.com/project/index/projectId=bc422831-7108-4f11-9008-96403989550>. The interface includes a navigation menu at the top with "Design Build PWDM practice environment" selected. The main content area is divided into several sections: "Project Details" (Registered: Monday, July 15, 2019; Registered By: julia simo; Industry: Roads and Highways; Asset Type: Roads; Location: Not Specified; Project Country: US; Time Zone: Not Specified; Data Center Location: East US), "Team Members" (listing Anthony Gibson, Bonnie Trent, Brian Tresny, Carl Kaczmarek, and Cassandra Goodhough), and "Notifications" (showing recent activity). At the bottom, there are "ProjectWise 365 Services" and "Optioneering Services" sections. The "Share" and "Deliverables Management" icons are highlighted with red boxes and arrows pointing to explanatory text.

This tab shows you what project you are on

The Share Portal is an area to collaborate and to access the final and approved documents

The Deliverables Management Portal is for official project submittals
